The background is a dark teal color. It features two large, semi-transparent dark teal circles. One circle is centered in the upper half, and the other is centered in the lower half. In the top right corner, there is a teal-colored segment of a circle. In the bottom left corner, there is another teal-colored segment of a circle. Two thin white lines are also present: one starts from the top right teal segment and extends towards the center, and the other starts from the bottom left teal segment and extends towards the center.
